DIESEL EMISSION REDUCER

Diesel Power 3

Wynn's Diesel Emission Reducer is a chemical treatment for diesel engines that reduces exhaust emissions and improves engine performance and fuel economy. It prevents the negative effects of water in diesel fuel.

Properties

- ✓ Reduces exhaust emissions and soot.
- ✓ Perfect for pre-MOT treatment (before going to the official vehicle inspection station).
- ✓ Improves combustion, engine performance and fuel economy.
- ✓ Meets Euro 5/Euro 6 standard.
- ✓ EN590 compatible.
- ✓ Prevents injector fouling and clogging.
- ✓ Protects against the negative effects of water in diesel fuel.
- ✓ Is harmless for all after-treatment systems.

Applications

- ✓ For all diesel engines, including common rail and pump injector engines.
- ✓ For diesel and bio diesel up to B30.

Directions

- ✓ Add one bottle of 500 ml to the diesel fuel tank containing minimum 30 litres of diesel fuel.
- ✓ For best results, add 150 km before MOT test.
- ✓ **Bottle is also suitable for capless fuel fillers.**
- ✓ Advice: for a complete engine cleaning, we recommend to use Diesel Emission Reducer in combination with Diesel Extreme Cleaner.
